RE: Records Request Production

Dear Ms. Hayes:

On July 22, 2019, the Tennessee Department of Agriculture received your open records request for copies of "all of the bulk fuel quality testing data for the past 5 fiscal years covering routine and complaint inspections at retail locations." Responsive documents are provided on the 8 GB jump drive enclosed with this correspondence.

There is no charge for production of these documents because the minimum labor threshold for charges was not met in this case. If you have any questions regarding this letter or the documents produced, please contact John P. Hayes, Fuel Quality Administrator, at (615) 837-5145.

Sincerely,

Haley C. Todd, Esq.
Tennessee Department of Agriculture
Division of Consumer & Industry Services
